Bios & Company Profile

Director/Producer/DOP/Editor - Erez T Yanuv Barzilay has produced, directed and written hundreds of television reports, feature presentations and half a dozen independent feature documentaries.

Passionate in revealing injustice Erez has been instrumental in spurring action from concerned individuals, relief organizations and government agencies, aimed at relieving suffering in a sustainable way through capacity building and long-term development projects.

His determination and natural story-teller talent enabled Erez to initiate his own journeys to many remote and isolated areas, bringing out the stories of individual anguish and incredible human strength and resolve.

Erez was the Founder and Director of the Jerusalem based organization Aid Without Borders (AWB) with activities in the Balkans and Africa 1998-2003.

Co-Producer/Stills Imagery - Dror Marcus is an archaeology enthusiast and a well known tour guide, expert in the Middle East, northern Africa and Southeast Asia. Dror grew up in different locations around the world (including Iran and Thailand) following his father's water engineering career.

In the past few years Dror has made Cambodia his home. He lives near the ancient temple city of Angkor and pursues both his professions vigorously.

Composer - Ben Euerby first started to play on old electric organ when he was 8 years old in Nelson, British Columbia. Ben is a promising young Canadian talent. With passion for multiple music genres and playing many different instruments, Ben's versatility is unique. His devotion to this project knows no bounds and his talent shines through in every note of the dramatic and haunting original **Surreal** score.
